

**Commercial Quality Double Strong Piping**  
Wrapped in color matching marine grade vinyl.

**Double Reinforced Folding Hinge**

**Spatech™ Grade Vinyl**  
Treated with mildew and UV inhibitors to keep its beauty through all seasons.

**Tear Free Padded Handle**  
Five layers of added strength where you need it most insures trouble free cover removal.

**Commercial Quality Stitching**  
With U.V.R. thread.

**VPB 3000™ Vapor Proof Barrier**  
New technology completely vacuum seals foam against water absorption.

**Tapered Foam Core**  
Keeps heat in and allows much greater run off of rain than other tapered covers.

**Drain Gromet**  
Aids the release of moisture that gets trapped between vinyl and plastic.

**Double-Ply Poly-Laminate**  
Industrial Grade Vinyl with polyester fabric reinforcement for durability. Treated with bromine and mildew inhibitors.

**Steel Reinforcement**  
Adds strength to center of spa cover.

**Dual Purpose Heat Seal Gasket**  
Hinge is sealed with specially designed material which automatically eliminates heat loss and protects bottom from abrasion.

**Perimeter Apron**  
Adds an additional seal to keep heat in and dirt out. Also keeps acrylic from fading, (when on spa)

**Sure-Loc Fastener**  
Prevents children or intruders from tampering with the spa. May be locked with key.

**Commercial Grade Nylon Zipper**

**\* Over 20 Points of Internal Reinforcement at High Stress & Problem Areas**
